Hi Mary,

I have reviewed the LES for the Provision of Primary Care Counselling Services in Dacorum in the context of the Corporate issues in the "Commissioning Case for Change Support Form" (attached). As this proposal is about standardisation and consistency of service provision I cannot see any problems from a corporate services perspective and therefore support the business case.

Dear Tad, Carol and Clive

Further to my three emails sent to you all on 5 Feb and 9 Feb, I would be most grateful if you would send me your emailed confirmation of your support and approval of the proposed DacCom Counselling LES as soon as you can – **by the end of this week** if at all possible. I have attached the documents again for ease of reference,

Thank you very much
